

RESEARCH UNIT OF NEUROPSICHIATRIA

We would like to invite applications at the Bambino Gesù Children's Hospital for 3 positions of research fellowship for the project "La neuromodulazione come prospettiva di trattamento per la discalculia evolutiva: correlati comportamentali ed elettrofisiologici" .

The positions will be appointed to psychologists.

Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

Research positions will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the positions are filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF MALATTIE DELL'APPARATO
RESPIRATORIO**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Disturbi del sonno e ventilazione a lungo termine nelle patologie respiratorie primitive e secondarie".

The position will be appointed to nurse.

Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

RESEARCH UNIT OF MALATTIE RENALI

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Nuove prospettive nelle nefropatie primarie".

The position will be appointed to nurse.
Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

RESEARCH UNIT OF MALATTIE RENALI

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Nuove prospettive nelle nefropatie primarie".

The position will be appointed to biotechnologist.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF FISIOPATOLOGIA
DELL'ACCRESIMENTO**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Validazione di nuovi geni target di immunoterapia nelle patologie autoimmuni e fenotipi complessi ad esse associati".

The position will be appointed to biotechnologist.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF MALATTIE NEUROLOGICHE E
NEUROCHIRURGICHE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Sviluppo ed applicazioni cliniche robotiche, 3D e realtà virtuale in neurochirurgia".

The position will be appointed to physician with specialization in neurosurgery.
Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Application, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF MEDICINA PREDITTIVA E
PREVENTIVA**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Biomarcatori circolanti per la diagnosi e il monitoraggio di patologie pediatriche e utilizzo di approcci nanotecnologici e di 3D bioprinting in biomedicina".

The position will be appointed to neurobiologist.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF GENETICA E EPIGENETICA DEI
TUMORI PEDIATRICI**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Manipolare il processo di autofagia come nuova strategia per contrastare l'immunosistenza nel medulloblastoma ad alto rischio".

The position will be appointed to biologist.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF IMMUNODEFICIENZE
PRIMITIVE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Immunodeficienze primitive, infezione da EBV e immunodisregolazione: validazione di nuovi geni e target di immunoterapia".

The position will be appointed to biologist.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

RESEARCH UNIT OF IMMUNOREUMATOLOGIA

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Studio in vivo ed ex vivo dell'efficacia del trattamento con micofenolato in pazienti con interferonopatie di origine nota e sconosciuta".

The position will be appointed to biomedical laboratory technician.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on July 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2021-07.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.
