

**RESEARCH UNIT OF MICROBIOLOGIA**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Caratterizzazione genetica dei Patogeni di ESKAPE e virus respiratori nel bambino in relazione al quadro clinico di malattia: uno studio osservazionale retrospettivo".

The position will be appointed to biology.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF MALATTIE ALLERGICHE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Effetto immunologico anti-infiammatorio e tollerogenico delle formule artificiali nella prevenzione e nel trattamento dell'allergia".

The position will be appointed to physician with specialization in pediatric.  
Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Application, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF MALATTIE NEUROLOGICHE E  
NEUROCHIRURGICHE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Sviluppo ed applicazioni cliniche robotiche, 3D e realtà virtuale in neurochirurgia".

The position will be appointed to interaction designer.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF MEDICINA PREDITTIVA E  
PREVENTIVA**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Biomarcatori circolanti per la diagnosi e il monitoraggio di patologie pediatriche e utilizzo di approcci nanotecnologici e di 3D bioprinting in biomedicina".

The position will be appointed to physician with specialization in internal medicine. Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Application, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF CITOGENOMICA  
TRASLAZIONALE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Caratterizzazione genetica dei Patogeni di ESKAPE e virus respiratori nel bambino in relazione al quadro clinico di malattia: uno studio osservazionale retrospettivo".

The position will be appointed to biology.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF CITOGENOMICA  
TRASLAZIONALE**

We would like to invite applications at the Bambino Gesù Children's Hospital for 2 positions of research fellowship for the project "Impiego combinato di tecniche genomiche e citogenomiche per l'identificazione dei difetti molecolari alla base delle malattie rare".

The positions will be appointed to biology.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

The research positions will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position are filled.

Applications, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.

Please contact Annarosa Monopoli ([contrattisti-direzione.scientifica@opbg.net](mailto:contrattisti-direzione.scientifica@opbg.net)) for any further information.

**RESEARCH UNIT OF MALATTIE DELL'APPARATO  
RESPIRATORIO**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Telemedicina in pazienti con patologia respiratoria cronica".

The position will be appointed to physician with specialization in pediatric.  
Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidate. Position and salary will depend on qualification and experience.

Review of applications will begin on December 2021 and will continue until the position is filled.

Application, including the applicant's CV and the name/address of two reference persons, should be submitted to [direzione.scientifica@opbg.net](mailto:direzione.scientifica@opbg.net), quoting the code OPBG RC2021/22-12.
