

**RESEARCH UNIT OF TERAPIE INNOVATIVE PER LE
ENDOCRINOPATIE**

We would like to invite applications at the Bambino Gesù Children's Hospital for a position of research fellowship for the project "Analisi dei livelli plasmatici di vitamina B12 e dei metaboliti lipidico in bambini obesi".

The position will be appointed to physician with specialization in endocrinology and metabolic diseases.

Clinical expertise in the field is requested.

Previous certified research experience relevant to the field of the project would be considered an advantage. Interpersonal relationship skills, predisposition to teamwork and problem solving skills will be considered preferential characteristics.

Availability is required from Monday to Friday, full time.

A research position will be awarded to the successful candidates. Position and salary will depend on qualification and experience.

Review of applications will begin on May 2022 and will continue until the position is filled.

Application, including the applicant's CV and the name/address of two reference persons, should be submitted to direzione.scientifica@opbg.net, quoting the code OPBG RC2022-05.

Please contact Annarosa Monopoli (contrattisti-direzione.scientifica@opbg.net) for any further information.

**RESEARCH UNIT OF TERAPIA CELLULARE E
GENICA DELLE MALATTIE EMATOLOGICHE**
