<b>Total Net Price (EUR/€)</b>				<b>60.882,65</b>

Some test materials may require approval (e.g. by Environmental Health and Safety) prior to receipt of materials. If any test material requires approval, and such approval has not been received prior to receipt, turnaround times and order status may be impacted. Please contact us if you have any questions or concerns.

Any modifications to the standard protocol and/or the standard report for NGLP/GLP/NGMP/GMP testing may result in additional cost to the client. In certain situations, you may request expedited initiation of assays or delivery of audited final reports that are shorter than our standard turnaround times or those specified in your Master Service Agreement. Please note that all expedited requests are contingent upon laboratory capacity and require written approval from both parties. A rush surcharge will apply for "fast-tracked" studies. For more details or to discuss your specific needs, please reach out to your assigned Project Manager.

Except to the extent superseded by a separate signed written agreement (i.e., a negotiated Master Service Agreement) between the performance of the services described in this quotation will be governed by the BioReliance Ltd. and BioReliance Corporation [Testing and Storage Terms and Conditions](#), which are included herewith, or incorporated herein by reference.

**Payments and Invoicing:**

The prices shown in this quotation are valid for samples received by us, for the testing indicated above, up to and including 31 December, 2025. Invoices shall be paid in accordance with the following terms:30 NET

Orders Up to 8,500 EUR

100% invoiced upon order booking

Orders between 8,500-16,500 EUR

60% invoiced upon order booking and 40% invoiced upon laboratory completion

Orders over 16,500 EUR

55% invoiced upon laboratory initiation, 40% invoiced upon laboratory completion and 5% invoiced upon order completion

**Signatures**

BioReliance requires a hard copy of a valid Purchase Order or equivalent prior to the initiation of the work quoted. If there will be delay in processing the PO, a signature is required below by an authorized company representative. At your earliest convenience, a hardcopy should be scanned and forwarded to the BioReliance Account Manager and/or Project Manager. If a Purchase Order will not be provided, please sign and complete a billing and information form (provided separately) to ensure correct mailing of invoices and reports/CofAs.
